

People love My Home by ShowingTime because it's a simple way to stay involved in the home buying and selling experience. Sellers can automatically receive showing requests, confirm them, see feedback from potential buyers and view all activity on their home(s) throughout the sales process. Buyers can view upcoming tour information and driving directions for showings their agent schedules for them.

## My Home Mobile App

The My Home mobile app makes the buying and selling experience simpler and more convenient than ever.

Use the My Home app to quickly respond to showing requests, review feedback, view upcoming tours (if you are also buying a home), communicate with your agent and much more.

All right at your fingertips.

## Listing Activity Report

Keep track of all the showings on your home(s). Each email notification includes your 'Quick Link' button that leads directly to your personalized Listing Activity Report.

The report includes all activity on your home, including a list of all scheduled and completed showings. Feedback is listed with each showing (if provided) and can be broken down to show trends to help identify items that should be addressed to sell the home faster.

## Showing Feedback

After each showing, your agent requests feedback from the showing agent. If feedback is provided, your agent can share it with you. This provides you an up-to-date overview on what buyers and showing agents think about your home.

To view feedback, login to your ShowingTime account through the My Home app or at [myhome.show](http://myhome.show) and click on the “Feedback” icon in the bottom menu. Here, you can compare feedback from buyers and agents to understand the way others view your home.

## FAQs & Tips

### Who is ShowingTime?

ShowingTime is the real estate industry’s leading showing management and feedback service provider. With 24/7 availability, agents and their clients receive optimal service at any time, day or night.

### How do I get started?

Your agent will send you an email invitation to My Home which will include a link to create an account. Create a username and password and login. Next, set up your notification preferences. You can choose text, email and/or phone call, but opting in for push notifications from the My Home app is the best way to track all showing activity in one place.

### How can ShowingTime help sell my home?

ShowingTime addresses all aspects of the home selling process, starting with bringing each showing request to your fingertips, sending notifications when showings are complete, tracking showing activity on your listing(s), and consolidating all feedback and activities in easy-to-read reports.

### Do you have advice on selling homes faster?

Yes, we always recommend making it as easy as possible for people to see your home. Talk to your agent about which appointment type fits your situation best.

**Go & Show** is a useful appointment type because no approval is required and the request is immediately confirmed. You will receive a notification of the confirmed showing. This is the fastest way for agents and buyers to see your home.
